The Made Man Foundation

Dear Ky

Participating in this year's Made Man Foundation event was truly humbling and inspiring. As I went through this process, I met some amazing brothers across all fields of business and industry. Seeing their passion for helping and guiding our youth really inspired me to do more as a mentor, board member for the YMCA and career coach for young men in my field.

Meeting with the young men of Eagle Academy in Harlem was such a rewarding experience. With our busy day-to-day lives and careers we sometime forget that we are not only an inspiration to young black men but we also serve as guides and counselors to help them see the way to their dreams and aspirations. Each and every honoree took very seriously their responsibility to listen and advise these young men as they shared their future goals with us. I **will** be back at Eagle Academy to follow up with the students there and fulfill my pledge as a Made Man.

The evening reception at Brooklyn Chop House capped off an amazing day of fellowship and service that truly moved me. I look forward to participating in future events with the Made Man Foundation and I will be actively recruiting other leaders in our community to get involved and become part of this vital organization.

Sincerely,
