Dr. Dele,

As the Founding Principal of the Eagle Academy for Young Men of Harlem, and on behalf of the entire Eagle Academy Harlem Community, I want to thank you for bringing the Made Man mentoring and networking event to our middle school scholars. Our young men enjoyed and appreciated the transparency and honesty of the mentor's as well as their words of wisdom and ability to connect. My scholars also appreciated the ability to learn from men from various backgrounds and fields of endeavor.

As a school created with the mission to develop young men committed to the pursuit of academic excellence, strong character and responsible leadership, we could not have found a more aligned partner to support us in this work. The mentors you brought before our young men exemplify all three of our schools tenants. Our entire school community is moved and inspired by your work.

We are proud to now be a part of the Made Man mentoring network. We are grateful for you, your team, and your vision to engage accountable male leadership in community programming in order to build a more equitable society for men, women, and children. Keep fighting the good fight. Eagle Harlem is here with you.

We look forward to your continued partnership.

Yours in Education,

Mahaliel H. Bethea II, Founding Principal
