June 27, 2019

To The Made Man Foundation:

It was such an honor and pleasure to be recognized by your organization. I've dedicated myself to youth mentorship for well over a decade and to be acknowledged for my contributions has been rewarding, and more importantly inspiring. The Made Man Foundation has elevated my level of motivation and commitment to enriching our youth with career building education and access to supportive resources.

The day of events on June 18<sup>th</sup> were memorable to say the least. I really enjoyed the direct interaction with the children at Eagle Academy in Harlem. You can never underestimate the impact of front facing success stories on a child's future. It reminds them that goals can certainly turn into tangible results. And being there to address their questions directly, exemplifies the commitment of Made Man members to "being the change" we wish to see in our communities.

In addition to the gratifying discussions conducted with children, teachers and other Made Man members, the receipt of my honoree certificate from Dr. Barfuor Adjei-Barwuah, the Ambassador of Ghana, was a notable highlight. An improved connection to my homeland of Africa is an established goal for myself and my family and The Made Man experience has moved us one step closer to revisiting the continent and ultimately bringing that goal to fruition.

I'd like to thank The Made Man Foundation for selecting me as a member and representative and look forward to building more bridges with our youth in the future.

Sincerely,

Chester Felts  
Associate Director, Global Product Management
