

December 11, 2018

Dr. Ky Dele, M.A, M.S. ED

Principal, Blueprint Global Group

I wanted to take a moment and send a note of gratitude and commitment to you and the rest of the Made Man organization! I was incredibly honored to be recognized with over two dozen of my peers on November 29, 2018 at an event in Charlotte, North Carolina. The recognition itself was quite humbling and being in the company of my fellow Made Men was inspiring.

Admittedly, when I first received my congratulatory correspondence regarding my nomination and acceptance into this esteemed group I was not familiar with the Made Man organization or the incredibly wonderful impact you are having on so many lives.

In researching the organization I was absolutely amazed at the impact you've had since your founding just five short years ago:

- **600+ males honored and highlighted**
- **5,000+ event attendees**
- **100+ suits & clothing collected**
- **10,000+ youth and adult males mentored**
- **6,000+ college applications sponsored**

The only thing more staggering than these statistics are the number of actual lives impacted being impacted by your organization and all those you are mobilizing into action on behalf of others!

Personally, I was absolutely inspired by the opportunities you afforded us to engage in the community through this process. It is abundantly clear to me how important it is to ensure that we are engaging with our young men (and women) and generously sharing our time, talent, treasure and touch with this next generation of leaders. Our future is in their hands and they must be trained, equipped and supported in ways that ensure the greatest likelihood of success. I look forward to seeing many of them recognized in the years to come for their own philanthropy and selfless contributions to others.

Dr. Dele, your efforts extend beyond a program or a series of programs. What you have started is in fact a movement! A global, expandable, sustainable movement that will impact generations to come.

In closing, I'd like to say congratulations on work well done and thank you for including me on your roster of **"involved, evolved, made men"**!

Appreciatively,

*Kevin*

Kevin A. Henry

Executive Vice President & Chief Human Resources Officer
