Dear Dr. Ky Dele,

Overbrook High School will forever be indebted to you for selecting us to be a part of The Made Man initiative. Opening school with over 50 African American men dedicated to mentoring and positively impacting young black youth was an epic day to remember. The imprint of The Made Man Tour left lasting impressions upon our male students and general school community. Often times, there's a negative stigma associated with African American males and this is why what you do is so vital. It's crucial that black males are properly represented and young men are engaged by men who look like them. Being a recipient of the 2017 Made Man Tour capitulated my staff to continue this initiative with offering series of male symposiums. Partnering with The Made Man, has also afforded my students the opportunity to utilize the Common Black College Application to apply to HBCU's without cost. Overbrook Panthers would like to publicly thank you, The Made Man honorees, Wells Fargo, and Common Black College Application for helping to positively change the narrative of black males in Philadelphia.

Sincerely,

Yvette Jackson
